

About the Band

"The Nied's Hotel Band is one of the most underrated bands. People outside of their region wouldn't even know who this great band is if you asked them, which is a shame. This band is the essence of what core rock music truly is."

Jamsphere.com

The Nied's Hotel Band, voted Pittsburgh's "Best Bar Band" in the 2016 Pittsburgh Magazine Readers Poll, is a powerhouse recording and performing rock-n-roll and R&B group from Pittsburgh, PA. (USA). NHB delivers the hardworking, blue collar, muscle that has made Pittsburgh a legendary rock-n-roll city. A review by The Pittsburgh City paper proclaimed, "The Nied's Hotel Band could be called The E-Street Band of Pittsburgh." In addition, Pittsburgh Mayor Bill Peduto has proclaimed July 17th as "Nied's Hotel Band Day" in honor of the bands impact on the local music scene and their unwavering support of charitable causes.

The band includes some of the best-known and respected players in the region, including singer

John Vento (who is, perhaps, the hardest-working front man around), guitarists Tim Hadley and Jim McCullough, plus keyboardist Fred Delu and sax man Ed Jonnet, who last joined forces as members of Pittsburgh's most beloved rock/soul band – The Rhythm Kings. Newest members Eugene Perry (bass) and Greg McIltrout (drums) complete a stellar lineup.

Their high energy, entertaining, and audience engaging concerts have quickly earned them a reputation as one hell-u-va live act. The band has made a major investment in its live production sound and lights and is blessed to have one of the finest and most professional crews around.

The Nied's Hotel Band 2.0

Released 2020

The Nied's Hotel Band 2.0 compilation has been released to benefit Band Together Pittsburgh. The collection features the band's career-spanning

"Greatest Hits" from their previous releases. In fact, the band have also made their entire catalog available for donation-based purchase through their website at <https://niedshotelband.com/downloads/>.

Live From NYC

Released 2017

Recorded live on October 27th, 2016 at the "legendary" Bitter End, in New York City. On a cold rainy night in Greenwich Village, the band was smokin' hot! With an enthusiastic audience on hand, The Nied's Hotel Band

delivered their typical high energy entertaining set. The CD was recorded on location by Bitter End engineer Adrian Phorsteinsen and later mixed back in Pittsburgh by producer Buddy Hall.

Live & More

Released 2015

The Nied's Hotel Band is back! In the year following the release of their critically-acclaimed "One Night Stand" CD, the band got a funky new rhythm section and did a whole lot more live shows than ever before. This has lead

to their new release – "Live & More", featuring 8 live tracks, crackling with energy, and 4 new studio recordings, including their driving re-make of the Stevie Wonder classic – "Signed, Sealed, Delivered..."

One Night Stand

Released 2014

Several years in the making, "One Night Stand" is The Nied's Hotel Band at it's finest... combining re-vitalized tracks from 2012's "Side One" EP (now out of print), with brand new tunes written by the band.

Recorded and mixed by LA studio veteran, Klint Macro, the music reflects their powerhouse live shows and joyfully blends rock, blues, funk & soul influences into something uniquely NHB.

The Way That You Roll

Released 2007

A youthful reminiscence of days gone by, the songs on this disc celebrate growing up in Pittsburgh (although it could be anywhere), with the central

themes revolving around high school days, long summer nights, fast cars and (hopefully) even faster women. Many songs sport a 50's-60's rock n' roll feel, with "Catholic Girls", "Take Me Back" and the title track, "The Way that You Roll," all becoming fan favorites at NHB live shows.

Nied's Hotel

Released 2004

The band's self-titled debut is filled with texture and character. This lengthy (18 tracks) disc kicks right off with a great cover of Jude Cole's classic, "House Full Of Reasons." The album

consists of a wide variety of musical styles. Classic NHB live favorites, such as "Day The Lady Cried," "Grow Up Fast," "600 Under," and "Lonely Man," came from this album. Producer Buddy Hall also brought in some very high-powered guest performers, including guitarist Reb Beach, vocalists Pete Hewlett & Kelsey Friday, and sax great Kenny Blake.
